#972 A weekly bulletin for residents of Auroville 27 April 2023

Banyan Tree 1968

From the kindled fire of Energy of Consciousness Truth was born and the Law of Truth;
from that the Night, from the Night the flowing ocean of being. *Rig Veda*
He whose self has become all existences, for he has the knowledge, how shall he be deluded,
whence shall he have grief, he who sees everywhere oneness? *Isha Upanishad*

Pondering

All the relations of the divine soul with God or its supreme Self and with its other selves in other forms will be determined by this comprehensive self-knowledge. These relations will be relations of being, of consciousness and knowledge, of will and force, of love and delight. Infinite in their potentiality of variation, they need exclude no possible relation of soul with soul that is compatible with the preservation of the inalienable sense of unity in spite of every phenomenon of difference.

The Divine Soul, Life Divine by Sri Aurobindo

House of Mother's Agenda

(continued from last week)

It is hard for us to imagine what the vision of such a universal being could be. With our mental outlook, we might be tempted to think that total knowledge of the three tenses immediately removes all the unpredictability of existence. But this is applying to the supramental consciousness characteristics and reactions that belong uniquely to the mind. The way of perceiving and experiencing the world is different. The supramental consciousness is not anxiously turned toward the future as we habitually are. Everything is exposed before its eyes, but it lives time divinely: every second of time is an absolute, as filled with plenitude as all the millennia combined. It is the utter perfection of time. In ordinary life, we never live in the present; we are either thrust ahead by our hopes or pulled backward by our regrets, because the present moment never quite meets our expectations; it is always lacking something, always terribly empty. For the supramental consciousness, each thing is at each instant fully what it should be and as it should be. There is a constant, unalterable bliss. Each portion, each image of the great cosmic Film is full of all the preceding images and all those that follow; it lacks neither future perspectives nor past memories. 'That bliss which is most large and full and without a gap,' says the Rig Veda (V.62.9); that *unwounded Delight*, says Sri Aurobindo. It is also the utter perfection of space. We are forever seeking new things or new objects because each thing lacks all the other things that are not present in it; our objects are as empty as our minutes. While for the supramental consciousness, each object, each thing it touches feels as full and infinite as a vision of the immensities or the sum of all possible objects: *The Absolute is everywhere... every finite is an infinite*. And there is a sense of ever-renewed wonder arising not from surprise but from the constant rediscovery of that eternal infinity, that timeless Absolute in each space-bound object and each second of time. There is an utter plenitude of life. Indeed, our finite, temporal life is not full at all; it is terribly wanting: we have either to turn our backs on the temporal to find timelessness, or to renounce our need for infinity in order to experience the finite—while the supramental plenitude finds infinity in the finite and timelessness in the temporal. It lives spontaneously every sound, every object, as well as the immensity that contains all seconds and all objects; and these are two *simultaneous* ways of experiencing and perceiving the same thing.

Not only does the supramental consciousness have a cosmic status, but it also possesses a transcendent one, and the two do not contradict each other. And not only are they not contradictory, but their simultaneity is the key to true life. Life is deficient not only because its objects are empty and its time fragmented, but also because of its lack of foundation and solidity. All religions and spiritualities have sprung from this fundamental need in man: To find a permanent Base, a refuge of peace outside the chaos, uncertainty and suffering of the world—something utterly

untouched and protected. Then, in the course of our quest, we suddenly emerged in a stupendous Silence, a Vastness outside the world, which we called God, the Absolute, or Nirvana (the words are unimportant): we secured the great Release. This is the fundamental experience. Whenever we approach that great Silence, everything changes; we feel Certainty, Peace, like a shipwrecked man who has found a rock. Nothing in life is secure; only that Rock never fails us. That is why it is said that God's kingdom is not of this world. Sri Aurobindo's experience, too, had begun with Nirvana, but it ended with the plenitude of the world. This apparent contradiction is central to our understanding of the practical secret of true life.

The mind, even the overmind of our prophets, is irreversibly bound to dualities (dualities within Unity): if God is above, He cannot be below; if this is white, it is not black. For the supramental experience, however, everything is embraced; *it is always yes and no at the same time*, the Mother remarked. The two poles of each thing are constantly integrated within another 'dimension' ('the secret inner spaces,' as the Vedic rishis called them, II.4.9). Thus, the Transcendent is not elsewhere, outside the world; it is everywhere here, at once fully within and fully without. The supramental consciousness, likewise, is fully in the world and fully outside the world; it is seated on the unshakable Rock *and* in the middle of the current. This is why it can truly enjoy life and be in control of life; for if we are exclusively in the current we find neither peace nor control; we are merely carried away like a straw. We might be able to guess what the supramental experience is by going back to the first experiences of the beginning of yoga. Indeed, we had noticed that by stepping back in our consciousness, by a slight movement of withdrawal, we entered an expanse of silence behind, as if a portion of our being were forever gazing upon a great white North. Turmoil, suffering, problems are outside, yet we make a slight movement inward, as if crossing a threshold, and we are suddenly outside (or inside?) everything, a thousand miles away, free of any concern, reposing on velvet snow. The experience eventually becomes so natural that in the midst of the most absorbing activities (on the street, while talking, while working), we can plunge within (or without?), and nothing exists any longer except for a smile; it takes merely a second. Then we begin to know Peace; we have an impregnable Refuge everywhere we go, in any circumstance.

CS CONTRIBUTIONS, SOME CLARIFICATIONS:

External donations and grants-in aid are not subject to 33% contributions. Depending on accounts and balance sheets, some units' surplus may include the donations and/ or grants-in aid. The unit will need to clarify this to the BCC.

In case an Auroville project/ entity/ activity/ unit is generating income and donating part/ full of the profit to another Auroville project/ entity/ activity/ unit then this donation needs to be done AFTER 33% contribution has been made to the city services. Any donation over Rs 50,000/- needs information/acceptance to/ from FAMC. Large donations to non Auroville entities are not permitted.

Services supported by BCC and getting donations/ collections AND creating a small/ big buffer for themselves are currently under scrutiny. Bridging maintenance for people who have been working for these services for a long time needs to come from this buffer. BCC cannot support these requests under the current situation.

Profit making units are expected to take care of bridging maintenance of their Aurovilian personnel.

If you have enough corpus collected in the bank for running a non-profit activity within Auroville then maintenance, health fund and CS contribution for your personnel needs to come from the interest on that corpus fund. Support cannot be expected from BCC under the current situation. CS contribution waiver cannot be expected.

All income generating work-whichever trust it may belong to-needs to be contributing to City Services

Auroville needs to be moving in the direction of Prosperity. The road to it may be bumpy but we believe it can and should be smoothed out and currently that process is going on. What may look like some harsh measures are necessary for getting clarity out of the extremely complex system that we have created in the past. There are few rules but many exceptions. Prosperity is the only answer for many questions regarding GST as unconditional offering is the only giving that can claim GST exemption.

RELEASE OF THE 1000TH ISSUE OF THE NEWS & NOTES

in Tamil and French!

Dear readers of 'News and Notes', hello! We are happy to announce the release of our 1000th issue of 'News and Notes'.

The Auro-Translation service was established almost 23 years ago, in October 2000. We started in an office located in

the campus of the former Aurelec workshops, the first computer assembly unit in Auroville, and from where the team of the News and Notes, the weekly Auroville newsletter, published till then only in English, was already operating.

While the 'maintenance' of the translators was paid for by the Central Fund of Auroville, Claude Jouen took care of the rent of the office, the purchase of second hand computers, etc...

Swar for the French, and Thillai for the Tamil volunteered to participate in this adventure; 23 years later they are still there! Afterwards Vatchala, then Chitra came to assist Thillai for the Tamil edition. For several years now, we have also received the precious help of BB for the French edition.

Why Auro-Traductions? Claude J. had read that Mother wanted us to use 4 languages in Auroville: Tamil, because Auroville is in Tamil Nadu, French because it is a clear and precise language, Sanskrit because it is the mother of many languages, and finally English as a language of international relations.

At that time, only English was practiced and imposed in the lives of Aurovilians. Inspired by Mother's words, Claude decided to create this service and when the cause is just, everything happens as it should! A place was found and very soon Thillai and Swar joined Claude Jouen.

After the construction of the Town Hall and Multi-media Center, in the center of Auroville, it was only natural that we move there, following the News and Notes team.

For the benefit of non-English speaking people, and to facilitate the understanding of the decisions taken by the different working groups of Auroville (Working Committee, FAMC, Council, etc...), the Auro-Traductions service was intended to translate the announcements and reports coming from these groups.

In particular, the Tamil edition now plays a very important role in the community.

Twenty-three years of working together with the same core team is surely unique in Auroville!

We hope to continue this service for many years to come!

Best regards, Chitra, The Auro-Traductions team

GRATITUDE FOR AUROVILLE DOG SHELTER

Possibly a year ago, in New Community, we had a female dog that started being on a corner and sometimes crying in pain. We did not know what to do, so we called this service. Two Volunteers came the same morning—one an Indian young woman and one foreigner. Quickly they went to the dog and they took it in the vehicle. I have to say I was very surprised, with the efficient attitude towards the animal... she was quietly resting under one of the ladies in the vehicle, very quietly! I rang the following day, they told me that was under observation and with some medication, and it would be possible that she will have surgery. A week later they called us to say that the dog had passed away.

We were quite shocked, they did a lot, they did not ask for any money... such an incredible AV Service... We asked them how we could contribute to their work. Just send something to us, it will be helpful. Thanks people for your skill and full of love work, on Service to Auroville.

THE LAND FUNDRAISERS NEWSLETTER
24 April 2023

This is the month of The Mother's definitive return to India to collaborate with Sri Aurobindo, and our April Darshan bulletin is devoted to the Shakti power—the dynamic principle of energy behind all manifestation. In this issue, we share articles by three Auroville Shaktis—two pioneers and a volunteer—plus we announce the happy news of the purchase of new land for Auroville, entirely made possible by donations to the Acres for Auroville land campaign.

A4A Flier—24 April 2023

Each of the Matrimandir's four entrances bears the name of one of the great Shakti forces. We see the practical results of Shakti all throughout Auroville's Master Plan area—the designated space whose consolidation is still in need of completion. In English with pdfs in French and Tamil.

LFAU Letter—24 April 2023

Auroville's aims, energy and goal are all based on an ascent to something higher than where we are now. And, as in every ascent, the most important thing is patience, endurance, and perseverance, born of faith. In English with pdfs in French and Tamil.

Two New Plots just purchased near Certitude

We are happy to announce that 2023 kicked off with the purchase of two new plots. Both are located in the City area near Certitude, adding 2.20 acres of new Auroville land, completely financed by A4A's donors whom we very warmly thank!

FUNDAMENTALS OF SRI AUROBINDO'S PHILOSOPHY

in Savitri

A series of monthly presentations by Larry Seidlitz

- **Tuesday, 2 May, 4—5pm**, Sangam Hall, Savitri Bhavan
- **Fifth presentation: Error, Falsehood, and Evil**

This talk will consider Sri Aurobindo's views on the origin, reason, and remedy for error, falsehood, and evil. If this world has been created by the Divine in the Divine, how have these deviations from the Truth entered it and why are they permitted to take such prominence? How can they be eliminated? By considering key passages in both his prose works and in Savitri on these issues, we will see how Sri Aurobindo's vision gives us a deeper understanding and appreciation of their significance for our life and its difficulties and higher possibilities.

Everyone is welcome

RESPONSE TO WORKING COMMITTEE'S POST On Auroville Dog Shelter

Following the post of the WC regarding the state of the Auroville Dog Shelter, we, the IACC Support Team, would like to give our perspective on the matter. Having been involved with the shelter for many years, we feel we are able to shed some light on a confusing situation and clear up what we feel, are many misunderstandings. The situation at the shelter is, and has been extremely complicated and would take a long time to fully explain, but at least we would like to give some focussed and specific feedback regarding the points that the WC raised in their rapport.

AUROVILLE YOUTH WORK SURVEY 2023

Part 1, Version: 2023-04-13

Done by: YouthLink

(continued from N&N 971, 20 April 2023)

From the 89 working youth, 85 answered the question whether their job matches their education history. Respondents with a Master degree largely answered with yes (82%), while only 45% of Bachelor graduates answered with a yes, similar to Highschool graduates with 44%.

85 out of 89 of the working youth answered the question whether their job is in line with their interest. This is 100% the case for Master degree holders. 89% of the Bachelors and 92% with a Highschool degree also answered with a yes, as well as 78% of respondents with a degree below Highschool. Overall, almost 90% of the jobs are in line with the interest of the respondents.

From the 85 above, 82 respondents also answered the question whether they want to continue their job for the next 3 years or not. 2 want to continue their job although it is not in line with their interest. And 28 do not want to continue their job although it is in line with their interest.

The Income Situation of Auroville Youth

All respondents were asked: Are you able to sustain yourself with an Auroville maintenance?

Only 18% of respondents answered with Yes, 16% with almost and the majority of 45% answered with a No. The 21% of respondents that were not clear had no experience with living on an Auroville maintenance. The second phase of the survey will address the possible differences in maintenances.

Will these answers differ with age group, gender or nationality?

The oldest age group (27-30) has more answers on Yes (28%) and less on almost or not clear. But the answer No stays high, with 48% even for this age group.

The answers whether one can sustain themselves with an Auroville Maintenance are quite similar between male and female. Only a few more males answered Yes instead of Not Clear.

More respondents of Indian nationality than Non-Indians answer that they can sustain themselves with an Auroville Maintenance. Nevertheless, most Indians (40%) answer with No to the question whether they can sustain themselves with an Auroville Maintenance.

From the working youth, 84 respondents answered the questions, whether they can sustain themselves on an Auroville Maintenance and whether they will likely continue their job the next 3 years. Youth that can sustain themselves on a Maintenance will likely stay the next 3 years, whereas almost half the youth that cannot sustain themselves on a Maintenance will not continue their job the next 3 years.

A detailed analysis showed that of the 35 youths that do not want to continue their job, 28 claimed that their job is in line with their interest. Hence we can deduce that insufficient maintenance is a large deterring factor for people to continue working for a long time, even if the job is in line with their interests.

Next steps

This was the quantitative part of our youth employment research, where we presented the data that we have gathered, with little to no interpretation as to what it signifies. The phase-two of this survey will consist of interviews with the respondents of this survey, addressing certain patterns from the data above and investigating the possible reasons for certain trends.

- If you have any feedback or would like to discuss the findings we have had up till now, please reach out to us at our email: youthlink@auroville.org.in.
- Due to the privacy agreement with our responders, we will not be giving out any individual's information nor any sort of information that can be used to deduce the respondent's identity.

Sincerely, Namu

EXPLORATIONS IN EDUCATION

with Dr. Alok Pandey—III

Sunday, 30 April, 9:30am, Zoom

Dear Community, we warmly invite you to yet another session of 'Explorations in Education' with Dr. Alok Pandey. Alok Da has graciously talked to us twice in the past months about a range of topics in education. It helped us understand better themes like purpose of education, role of aspiration in progress, psychic education among many others.

This session is an opportunity to deepen our understanding by sharing our questions and queries with Alok Da.

- The session will be held online via a zoom call on Sunday, 30 April at 9:30am.
- Please connect with us through email aha@auroville.org.in so that we can share the zoom link with you.

Following are some questions to explore together. We invite you to reflect and share any questions you may want to add:

- We said the purpose of education is to overcome our animal instincts and move towards a more divine consciousness. What is this animality? How do we identify it in us?
- What does it mean to say that all knowledge is within us? What is the difference between information and knowledge?
- How important is language and the effect of words while working with children? Especially when we contrast this with other means and ways of communication that we use as humans.
- What does aspiration for perfection mean for children in Kindergarten?
- We talked about the importance of developing a child's own discernment vs. giving them dos and don'ts. How to help the child develop their own discernment from a young age?

- We talked about children of the past, present and future. How can parents understand the needs of these children and support their progress?
- We discussed about an 'uninvolved involved-ness' while supporting children after fifteen. What does it mean and how can a parent practice it? What are some examples of practicing this presence?

Looking forward!

AN INVITATION TO SUPPORT US: YOUTHLINK

All of our programs have been free and open till now, both monetarily and in availability. There are no fees, nor are there any age limits to our programs, with the exception of a few topics that may be age-sensitive.

And we plan to keep it that way.

As of April 2023, we have 11 team members (7 Aurovilians, 1 Newcomer, 3 volunteers); and we look forward to growing the team in the near future.

We are currently receiving 4 maintenances from the Budget Coordination Committee (BCC); and we were donated with substantial seed funds which enabled us to maintain and develop throughout the previous year, growing from a team of 5 members in January 2022 to where we are today.

We would like to express our gratitude towards the individuals and units that recognised the values we uphold, which have allowed us to rent and borrow most spaces and resources free of cost. Perhaps not surprisingly, our biggest expense has always been human resources. With every member being paid a City Service maintenance of 18,700 INR, this puts a strain of approximately 1.3 lakhs a month alone on our budget.

We now invite you to join us on this journey, of providing and serving the youth in this heartfelt experiment. There are various ways for you to show your support- through attending our events, collaborating on projects, offering your time and expertise, and through monetary donations to our financial service account **251048** or through our website youthlink.org.in.

We are requesting you to make an investment: to put your hard-earned money and your valuable time towards shaping the people of tomorrow, and the Auroville environment of today.

- You can learn more about us and our work on our website: Youthlink.org.in
- Or visit us at our office under Le Morgan cafe at Town-hall where we will be happy to engage further with you and connect.

Looking forward to connecting with you!

*With much love, sincerely, Namu

A CALL TO ALL AUROVILIANS AND DOG LOVERS!

**AUROVILLE
DOG SHELTER**

We are reaching out to you today to appeal for your support in rebuilding the Auroville Dog Shelter. We are a new team and aim to renew and rebuild the shelter completely. This means that we need to build, among many other structures, a proper drainage system, parvovirus and rabies isolation clinics, an individual feeding system, a home for our old-age dog residents, and secure handicapped facilities for paraplegic dogs, among many other necessary improvements. Our goal is to create a loving and caring home for over 300 rescue dogs, many of which are at the moment in a very sorry state of health and need emergency help.

We are calling on the community of Auroville as a whole—every member, resident, volunteer, and dog lover—to join our team and help us rebuild the Auroville Dog Shelter to become a model shelter where dogs will find a place to be rescued, to heal, and to be rehabilitated from their traumas and injuries.

Our vision is to build a shelter in the spirit of Mother's words that 'If we truly love animals, we will treat them with the same love and respect that we would show to our fellow human beings.'

To achieve this, we need your help. Everyone can contribute, either as a volunteer to join our team or by fostering puppies, assisting us in the many daily duties from feeding, grooming, or caring, or helping us to rehome many dogs to reduce the number of residents.

We also need builders to help us create structures, clinics, and enclosures, and filmmakers to help spread the work we are doing through social media. We offer architects a place to come and help us manifest our vision of a new dog shelter filled with the spirit and kindness of Auroville. We need trees to provide shade to our residents and transform the place into a garden of compassion and love. **WE NEED YOU!**

We welcome donations of recyclable building materials such as wood, bamboo, cloth, or anything else you can spare to help rebuild the shelter. All of your monetary donations will be handled in a 100% transparent manner according to Auroville guidelines. For donations, please use our AV account number: Auroville Dog Shelter 25-1391. You can reach us at aurovilledogshelter@gmail.com—For rescue calls, please WhatsApp us at 8939449413.

'The true measure of a society's greatness is how it treats its weakest members, including animals.' Let us show the world what the community of Auroville is capable of doing by manifesting the new Auroville Dog Shelter as a place not only for rescued dogs but as a symbol of kindness in the true spirit of Auroville.

Please join us in rebuilding the Auroville Dog Shelter as a project in the next 100 days as a community effort in unity and compassion. Let us come together and make this vision a reality.

*Sincerely, Lore Dossche,
Auroville Dog Shelter*

- We will be closed on Saturday, 1 April and Monday, 1 May, but we will be back in action on Tuesday, 2 May.

While we're away, we'll be working hard to improve our infrastructure by installing new cameras and upgrading our electrical systems. We hope that these changes will help reduce the theft that has been plaguing our community.

We want to take a moment to thank all of you who have been leaving your bags outside. Your efforts have helped reduce theft by 80%!

Unfortunately, there are still some members of our community who refuse to leave their bags outside. We want to remind everyone that theft costs us all.

In fact, we estimate that some members are stealing at a rate of 2000INR per DAY! That's 6 lakhs per year! If we could eliminate theft, we could lower our prices for everyone.

We understand that it can be frustrating to have to leave your bags outside, but we want to assure you that we are doing everything we can to protect your belongings. We have security cameras and guards on duty at all times. We even have lockers available upon request.

If you see anything suspicious, please let us know right away. We take theft very seriously and will do everything in our power to catch the culprits.

Thank you for your cooperation and understanding during this challenging time.

*Sincerely, Your PourTous Team

Auroville Poetry

BY WALT WHITMAN

A great city is that which has the greatest men and women,

If it be a few ragged huts it is still the greatest city in the whole world.

∞

These are really the thoughts of all men in all ages and lands, they

are not original with me,

If they are not yours as much as mine they are nothing, or next

to nothing,

If they are not the riddle and the untying of the riddle they are

nothing,

If they are not just as close as they are distant they are nothing.

This is the grass that grows wherever the land is and the water is,

This the common air that bathes the globe.

Walt Whitman

Whitman; this giant of poetic thought with his energy of diction, this spiritual crowned athlete and vital prophet of democracy, liberty and the soul of man and Nature and all humanity. He is a great poet, one of the greatest in the power of his substance, the energy of his vision, the force of his style, the largeness at once of his personality and his universality.

*Recent English Poetry, pg. 165,
The Future Poetry
by Sri Aurobindo*

AS THE CRUST OF THE OUTER NATURE CRACKS

'This is the first result, but the second is a free inflow of all kinds of spiritual experience, experience of the Self, experience of the Ishwara and the Divine Shakti, experience of cosmic consciousness, a direct touch with cosmic forces and with the occult movements of universal Nature, a psychic sympathy and unity and inner communication and interchanges of all kinds with other beings and with Nature, illuminations of the mind by knowledge, illuminations of the heart by love and devotion and spiritual joy and ecstasy, illuminations of the sense and the body by higher experience, illuminations of dynamic action in the truth and largeness of a purified mind and heart and soul, the certitudes of the divine light and guidance, the joy and power of the divine force working in the will and the conduct. These experiences are the result of an opening outward of the inner and inmost being and nature; for then there comes into play the soul's power of unerring inherent consciousness, its vision, its touch on things which is superior to any mental cognition; there is there, native to the psychic consciousness in its pure working, an immediate sense of the world and its beings, a direct inner contact with them and a direct contact with the Self and with the Divine,—a direct knowledge, a direct sight of Truth and of all truths, a direct penetrating spiritual emotion and feeling, a direct intuition of right will and right action, a power to rule and to create an order of the being not by the gropings of the superficial self, but from within, from the inner truth of self and things and the occult realities of Nature.'

*The Triple Transformation, Sri Aurobindo,
The Life Divine p.942*

Soham's comment: This is just the wonderful very beginning of the spiritual journey, much, much more, if we persist, is awaiting us. Get ready!

DIVINE ANARCHY 101

Read very carefully, and understand:

'320—The anarchic is the true divine state of man in the end as in the beginning; but in between it would lead us straight to the devil and his kingdom.

And what do I answer to the previous aphorism?

Ah, yes...

319—Governments, societies, kings, police, judges, institutions, churches...

Yes, he put everything into it: religions and police together!

Yes, it goes together!

I was delighted.

... laws, customs, armies are temporary necessities imposed on us for a few groups of centuries because God has concealed His face from us. When it appears to us again in its truth and beauty, then in that light they will vanish.

And what did I answer?

You said:

'The anarchic state is the government of everyone by himself.

'And it will be the perfect government when everyone is conscious of the inner Divine and obeys Him and Him alone.'

I'll write, then a sequel will come, but I don't have the time to note it down.

Someone from Auroville wrote to me that he thought he had come here to obey no one but himself (or words to that effect), but he noticed there are rules and laws. And he said, 'I am not going to do any of this; I am a free man and refuse to do this.' This was reported to me, naturally,

so I wrote to him (I don't remember): 'One is free only when one is conscious of the Divine and conscious that it is the Divine who makes decisions in everyone, otherwise one is the slave of one's desires, one's habits, of all conventions....' I sent him that, and he kept quiet.

That's what I wanted to add here [to this aphorism]. We should say: One is free only when it is the Divine who makes decisions in each of us, otherwise men are the slaves of their desires, their habits, of all conventions, all laws, all rules.... And the more they think themselves free, the more bound they are!'

ASPIRING TO CONNECT... 2

All life is Yoga

At the same time, life is a battlefield and each one of us has to face challenges and find possible and positive solutions individually as well as collectively, as professed and practiced by the great karmayogi Sri Aurobindo and the visionary Mother, our divine teacher, guide and companion.

Here the analogy of the Bhagvad Gita, the spiritual heart of the Mahabharata epic, is worth considering for our learning experience

• Let us look into some aspects:

1. The Kuru dynasty had a long family tradition of just rule with family, social and Universal Values. (Consider time from 1920 to 1975 deep Sadhana of Sri Aurobindo and the Mother, establishment of the Ashram at Pondichery and creation of Auroville as an international township.)

2. For various reasons and primarily due to selfish motives the conflict started by the sons of the king Dhritarastra with their 5 cousins, which culminated into world war with all round destruction of humanity and natural resources. But this also resulted in the pragmatic teachings through the Gita. (2008 onwards the drifting phase at Auroville.)

3. The pandavas built their capital on barren land and named it as Indraprastha. (the speedy growth of Auroville-1968 till 1990 on the barren land and converting it into a new community living in the green forest with adequate research, education, cultural institutions with immaculate system planning, spread over 25 sq.km., surrounded by green belt for a community of 50,000 for harmonious living and consciously striving to reach the divine within for Sat-chit-ananda.)

4. After winning the war, the Pandavas ruled for long time and rebuilt their kingdom and community in their lifetime. (55 years of Auroville)

5. The divine teacher Sri Krishna and the human warrior Arjun are the main characters. While Sanjay, Dhritarastra and Duryodhan are the other participants in the Gita. Sanjay is striving hard to convince his master and king Dhritarastra to raise his consciousness and awaken him to act As a just king and be fair to his nephews. (Our legacy by grace and blessings of Sri Aurobindo, the Mother and their disciples and followers is great and achievable. We have a choice to select our role as one of these 3 characters.)

6. As Gita is the spiritual heart of Mahabharat, so is the Matrimandir, the spiritual center, one of the most revered monuments of the modern world.)

As Arjun wanted to assess the situation at the commencement of the battle, it will be worthwhile to assess our present situation at Auroville holistically, by using some of the management tools/ techniques like SWOT Analysis and other synthetic tools like Venn graphic/diagram.

This will begin in the next episode.

Regular Classes

Traditional Sanskrit Mantras With Sonia,

- Thursday from 10:30—11:30am, Drop in class and
- Friday from 5—6pm, Regular Students.

In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the 'sadhana' or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

Therapies

Shiatsu Massage with Sara

- On appointment only, Sara, +91 9443617308

Shiatsu is a manipulative therapy developed in Japan and incorporating techniques of anma (Japanese traditional massage), acupressure, stretching, and Western massage in order to maintain physical and mental well being, treat disease, or alleviate discomfort. It involves the uses of kneading, pressing, soothing, tapping, and stretching techniques and is performed without oils through light, comfortable clothing.

Expressive Arts with Anjali

- On appointment only, +91 9560026678

The key purpose of Intermodal Expressive Arts sessions is to build our relationship with an art process in an experiential and embodied way through multiple art forms such as visual, writing, photography, dance, movement, music, or drama. By moving away from the result, into paying attention to the creative process, we allow ourselves to connect deeper to the resources we hold within us. The sessions will emphasize creative imagination, mindfulness through art, and connecting with our deeper selves. This space will also allow you to connect with your authentic forms of expression, as you explore with the arts. This helps access inner resources otherwise untapped. The sessions typically last for 60-90 minutes.

Tarot Reading with Anjali

- On appointment only, +91 9560026678

Tarot, oracle and angel cards are tools of divination and exploration which can be used to gain insight, work through life's challenges and understand ourselves on a deeper level. The messages in these cards are used not to predict the future, rather to connect ourselves with our own inner knowing and wisdom to channel our resources in the right direction. The overall aim is to promote growth and well-being. Anjali uses the tool of tarot as an opening to connect with imagery, archetypes and intuition. The insight gained from the cards are delivered as a storyline or guidance which promotes deeper reflection. Anjali is certified by the Psychic Healing Academy led by Sal Jade, Tarot Instructor and Intuitive Healing Coach, and also by Academy of Tarot by Mehakleen, Tarot and Manifestation Coach. Her approach is also based in intuitive and spiritual practice. She combines her tarot practice with techniques from Pranic Healing and Expressive Arts. Some of the themes which can be addressed in the readings include general guidance, love and relationships, career, life purpose, health or simply to tap into intuitive messages from your higher self.

Pranic Healing with Anjali

- On appointment only, +91 9560026678

Pranic Healing is a revolutionary and comprehensive system of natural healing techniques that uses prana (life energy) to treat illness and improve well-being. It is a synthesis of ancient, esoteric healing methods that have been rediscovered, researched and tested over decades with proven success by the founder of Modern Pranic Healing, Grand Master Choa Kok Sui. Anjali has been practicing Pranic Healing since 2018 and she has been certified in Basic Pranic Healing, Advanced Pranic Healing, Pranic Psychotherapy, Achieving Oneness with the Higher Soul, Pranic Crystal Healing, Psychic Self Defense and Arhat Yoga Prep, accredited by World Pranic Healing Foundation, Manila.

Pranic Healing has been described as a simple and yet very powerful technology that can be employed with immediate benefits to the patient. It is a no-touch healing modality. Pranic Healing corrects imbalances in the body's energy field and energy centers (chakras) and transfers life force to the patient. Pranic Healing can facilitate healing for specific diseases and conditions including physical, mental, emotional and psychological ailments.

Restorative Yin & Yoga Nidra: Deep Relaxation for Body & Mind, with Emma

- Friday, 5 May, 9:30am—12pm

The workshop will be divided into two sessions. One session will include theory and practice, where we will journey through conscious relaxation, exploring a contemplative Yin Yoga practice to restore the natural condition of the deep tissues in the body while releasing tension in the physical, energetic, and mental layers. Then we shall transition into a relaxing Restorative Yoga practice which unwinds deep tension helping you to slowly let go of stress and feel more connected to your body. Finally, we shall experience Yoga Nidra—known as yogic sleep—a form of guided meditation practiced laying down, where we move into a deep state of conscious sleep, which is a deeper state of relaxation, taking us effortlessly into restful balance and harmony.

Abhyanga massage is an ancient Indian Ayurvedic oil technique for healing and detoxifying the body, mind and spirit. The Abhyanga works in a synchronized manner to restore the flow of life energy in the body. This Ayurvedic detox and stress reduction therapy is performed with coconut or sesame oils, which help to nourish your nervous system, relax the muscles, and maintain the flexibility of your joints. The session ends with a face massage and rest.

Lomi Lomi Hawaiian Massage with Umberto

Lomi Lomi is a Hawaiian massage and includes long, fluid, rhythmic strokes over the whole body using the hands as an instrument of the heart. Energetic, emotional and muscular blockages are released allowing circulation, oxygen, life and spirit to flow through body and mind. While the whole body is accepted unconditionally, the muscles and connective tissue are stretched, stiff joints are loosened, circulation improves, skin glows, and internal organs are gently manipulated into their correct relationships. The therapist works with deep breathing and a heart-centered focus, giving balance, energy flow, and a heart-opening peace to the client.

Cine-Master Class

• **Sunday 30, April @ Aurofilm, Kalabhoomi**
(next to CRIPA)

If you like to discuss, share and learn more about films and Cinema, we invite you to this chapter led by Philippe May on:

'2001: A Space Odyssey' By Stanley Kubrick (1968)

This program was announced earlier this month and had to be postponed.

Overview: The visionary and controversial director Stanley Kubrick pushes here the limits of his art, delivering messages and asking questions to the audience that go way beyond the story line: a space trip to discover the origins of a mysterious phenomena.

'2001' is one of the very few classics that define milestones in the history of Cinema. It is probably the most influential sci-fi film ever made, to which any other movie of the genre would be compared to, even 55 years after its release.

• **The film was presented** a few weeks before at MMC. Philippe's presentation and open discussion will start directly, **without the projection of the movie.**

Philippe, IT engineer, Auroville forester and discernant film-lover.

Thank you, Susana

RESPONSE TO WORKING COMMITTEE'S POST

On Auroville Dog Shelter

(Continued from page 8)

▪ **Point 1:** 'The Working Committee entered the Auroville Dog Shelter on 15.04.2023 with the new executives Daniela Keller and Lore Dossche. The Auroville Dog Shelter is now a registered unit under Service Trust. Earlier, IACC (Integrated Animal Care Center) was an activity under City Services, and neither the 2 managers Peter C.S. and Kannan Krishnan, nor the activity was registered. We were shocked what we discovered ! The entire shelter and the dogs are in a miserable neglected state. Only sick and malnourished dogs everywhere, not one dog without a skin disease, even one dead dog laid there on the ground among the other dogs. We had visited the shelter last on 27th of March, and the dogs were then not in a good condition, but at least a little better. Now it was just horrible. See some photos attached below.'

This is simply not true. There are over 300 dogs in the shelter. To say that there is among those not one healthy dog is hugely exaggerated. We have videos made on Friday evening showing most of the dogs in a healthy state. Of course in the case of a dog shelter there always will be dogs with health problems. That's why they come to the dog shelter in the first place. It is true that in the last month the situation in the shelter has become more challenging as almost all of the volunteers had left. The ongoing conflict at IACC has without a doubt also hampered the work, which is reflected in the wellbeing of the dogs. The increase in temperature has a negative effect on the health of the dogs every summer, with more skin problems arising. Regarding the dog who had passed away (Indigo), this seems to have happened overnight, likely to have been a snake bite. Indigo was seen healthy, happy and loved by a worker and a volunteer in the late afternoon of Friday. Indigo had been at the shelter since he was a puppy and we mourn his passing.

▪ **Point 2:** 'The fridges and freezers are not working because the electrical system has collapsed.'

All electrical equipment at the shelter is in a working condition except for one freezer which stopped working several days before and repair was being arranged. Several of us visited the shelter on Friday and witnessed the electrical system working properly.

▪ **Point 3:** 'The two IACC managers had not been seen at the shelter for the last weeks.'

Peter was always managing the back-office part of IACC. He did not work physically at the shelter. Kannan has continuously come to shelter all this time, but he became unwell in the last weeks, yet still coming on an almost daily basis, including Friday. During the past months, this conflict has had a detrimental effect on Kannan's health, yet he continued his various duties for the dog shelter.

▪ **Point 4:** 'the shelter was run by 5 workers and a few volunteers and sporadic visits by a vet.'

Dr. Kavitha, the official IACC vet, had been coming 6 days a week. There is a register which shows the exact dates and times of her visits.

▪ **Point 5:** 'All dogs need urgently medical care'

The vast majority of the dogs at the shelter are in good health. Of course there will be a list of dogs that are in need of medical care, otherwise they would not be at a dog shelter. Dr. Kavitha was coming for her work regularly until last Saturday morning, to take care of the health of the dogs, but was relieved of her function, therefore unable to continue the medical care. Dr. Kavitha is a professional vet and surgeon with 7 years experience. We can not vouch for or take responsibility for the medical care given since Saturday.

▪ **Point 6:** 'and better food, not only white rice!'

The dogs at IACC always received 2 meals a day (puppies 4) that consist of rice, cooked with chicken, supplemented with eggs and pedigree dried food. Young puppies also received Cerelac (special milk) and liquid food (gravy with meat chunks).

▪ **Point 7:** 'In the first week of March, the Animal Welfare Board of India inspected the IACC dog shelter and found it in a very bad state. Even the SOP (Standard Operation Protocol) any shelter has to fulfil by law was violated in 25 out of 35 points.'

The visit from the Animal Welfare Board took place in a positive and collaborative atmosphere. The Tamil Nadu Animal Husbandry department officials (Joint Director and Additional Director) appreciated the difficulties of running a shelter and the problems that could arise. During the visit, the possibility of IACC being included in a new TNGovt scheme and receiving a grant from the TN AWB was mentioned several times. They said they would personally see it to that IACC is included for receiving funding under the scheme. Afterwards they sent some SOP's for improvement and requested IACC to fill out the required paperwork to apply for a grant. It was explained that it would have to be seen with the Auroville authorities how to receive such a grant. Later it was informed that the grant had been approved by the AWB. The fact that these officials were ready to recommend a grant to IACC would seem to indicate that they were sufficiently satisfied with their inspection.

Indeed the AWB has replied to the IACC shelter on 23 March, that they were satisfied with the changes implemented within 19 days of their visit and that they could see that IACC is doing good work and the grants to be allocated by the Tamil Nadu Animal Welfare Board would help.

The SOP is a general guiding direction for every shelter within the Republic of India and not a hard-&-fast protocol, depending on the location, resources and style of care of every organisation.

▪ **Point 8:** As an unregistered activity without a legal umbrella, fundraising is not allowed in India. Moreover, Kannan asked donors to donate funds for the IACC directly into his numerous private bank accounts which is a gross violation of Indian law. Donations are legally not permitted to be collected in private bank accounts! When people gave cash donations, they did not get a receipt. There was not even a receipt book! There are allegations about economical mismanagement, and all this needs to be investigated.

IACC was not just any activity, but a part of City Services, with an account at Financial Service to which BCC made monthly budget disbursements, and individuals/units made contributions/donations.

Donations were also received for Animal Care by Auroville Unity Fund, through the Auroville org website gateway or directly with the availability of 80G tax benefits for Indian donors, and via Talam (QR code).

Some donations were made directly to Kannan's Gpay number by certain donors, when they saw Gpay availability on his telephone number—sometimes even in spite of him telling them not to do so. They did this as they had the confidence that these donations would be used in good faith and due to the fact that Kannan is well known and respected in the south indian animal welfare terrain. Kannan withdrew and deposited the donation amounts into the IACC account and sent the receipt to the donor as proof. Many donors don't like to donate through the auroville payment gateway, they find it quicker and easier to use GPay.

• Here is the explanation of each dog photo which WC attached to their report <https://auroville.org.in/article/95174>

- **Foto 1**—Rainbow, this dog has been suffering from severe skin issues already since months. He has been seen and treated with several different medication courses and yet there is no improvement in the skin. He was still under treatment by Dr Kavitha when she was sent away on 15th April. Fotos are there (available on request) from previous months where the dog was with skin issues.
- **Foto 2**—Friendly, a grandpa that came from Bark India (Pondicherry) after emergency treatment and was brought to IACC to live out his life quietly and in peace instead of being put back in the street. He is very old and will not fully recover.

- **Foto 3**—All what is seen on the picture is blood coming from meat. This does not show anything at all. As explained, all electrical devices at the shelter are working except for 1 freezer that stopped working days before.
- **Foto 4**—April, has a severe skin issue and was under treatment by Dr Kavitha when she was relieved of her job on Saturday. All this information is in the register that Dr Kavitha kept.
- **Foto 5**—Night, has skin issues and looks skinny but eats well. He was under observation and treatment by Dr Kavitha, as can be seen in the register.
- **Foto 6**—Brigitte—this dog is a canine distemper survivor, was treated and remained a skinny girl. Eats well and is healthy and happy. One is not to expect fat pedigree looking dogs to be found at a dog shelter.
- **Foto 7**—This is again April, the same dog from 'Dog photo nr 4'
- **Foto 8**—Buffy—arrived at the shelter paralysed and was seen by several vets. The paralysis can not be undone and she lives in an enclosure with sand. She is healthy eats well and is a happy dog. A video taken on Friday evening of her is available for those interested.
- **Foto 9**—a healthy dog in good shape but with a deformed head. Nothing IACC can do about that.
- **Foto 10**—Gloria, was brought by Kannan after a car accident in extremely poor shape, with almost no hope for her to survive. She was completely paralysed and screaming in pain, just skin on bones and she would not let anyone come near and would try to bite. After treatment at IACC she is walking again and has gained weight. She recently started having diarrhea and so was shifted recently to an enclosure for observation, her enclosure often will get dirty from the diarrhea. This pic was taken before the workers could get to her for cleaning. A video of her showing her in good health and walking is available for those concerned.
- **Foto 11**—Teddy, looks ugly on the outside but is beautiful on the inside. He is suffering from skin issues and was under treatment by the doctor.
- **Foto 12**—Juliette, under treatment for skin issues, an otherwise healthy and happy dog.
- **Foto 13**—Flash, looks emaciated but eats very well and is an active, happy and super sweet dog, who loves to cuddle. He was under observation by Dr Kavitha and got extra meals.
- **Foto 14**—Lili, suffering from skin issues since months and under treatment. Sadly, some dogs react quickly to treatment, some take longer and some never grow a normal coat of hair. At any time, you will be able to find bald dogs at any shelter, this does not mean they are ill or neglected.
- **Foto 15**—Indigo, a precious and loved dog by many, had been at IACC since rescued as a puppy. Indigo was seen and given cuddles by one worker and one volunteer in the late afternoon one day before this awful picture was taken. He was found like this the next morning, there is no way to know what is the cause of death but a snake bite is a possibility. Sadly, it happens in these parts.

The Bridge

The Foundation Act begins with a simple statement:

Whereas Auroville was founded by the 'Mother' on the 28th day of February, 1968 as an International Cultural Township;

It would seem some have a hard time with the word "International" and what this implies. While others, it would seem have a hard time with the word "Township". It should be noted that the 74th Constitutional Amendment Act of 1992 proposes establishing a uniform structure of Municipal Councils, and Nagar Panchayats. This Act allowed them to function as effective democratic units of local self-government. One might think that this, in the context of Auroville, help define what a township means and the meaning of what it means to be a Citizen of Auroville.

Perhaps, it would seem, that some have a difficult time with the idea of "Auroville" itself.

It is interesting to note what the Auroville Foundation Act itself states concerning the relationship between our Governing body and the Citizens of Auroville;

The Powers of the Governing Board is to promote the ideals of Auroville and to coordinate activities and services of Auroville in consultation with the Residents' Assembly for the purposes of cohesion and integration of Auroville;

The purpose of cohesion is to form a united whole. In effect, Unity.

Intuitively we have arrived and gathered here to create a foundation that sits outside the reality of the distorting prism of bureaucracy and the domain of mental regulations. We have been asked to cross a bridge from something tired and old into a realm of vision, into a City of Revelation. Perhaps it is time to redefine who we are and what our intentions truly are.

What is seen and what is not seen, what is experienced and what is not experienced, what is and what is not, — all it sees, it is all and sees. Prasna Upanishad
